PLAN DE LA TRAVERSE EN DU CAP TOURMENTE

Remarques

La ligne GFE marque d'alignement qu'il faut prendre d'un Arbre de Remarque au dessus des autres, qui est vers le bout du NE de l'Isle aux Ros par le point E des Montagnes les plus éloignées en partant du pied de la Montée du fau pour passer la Traverse.

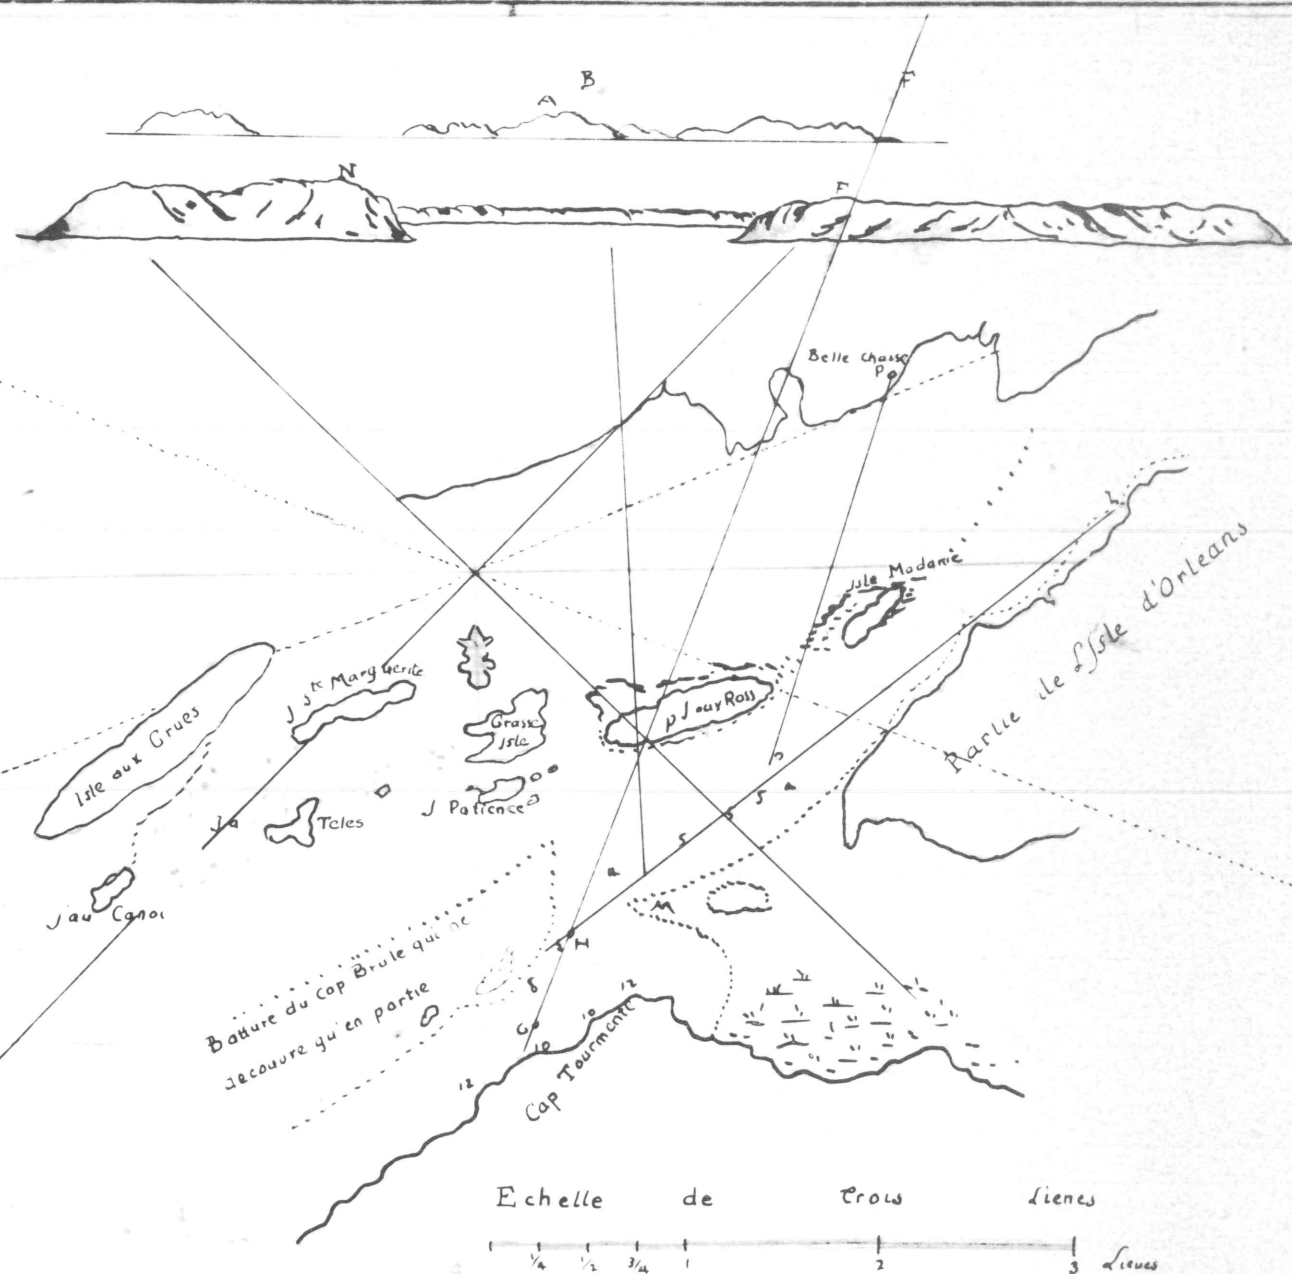

La ligne HIL marque, qui lorsque l'on est arrivé au point H et que l'on a decouvert la pointe de l'Isle d'Orleans marquée L par celle, marquée I si l'on veut passer la Nouvelle Traverse, on doit quitter le premier Alignement et prendre celui des 2 pointes, ledit Alignement est en montant au S. 45. 30.

La ligne OP fait voir que lorsque l'on a ouvert l'Eglise de Belle Chasse a la longueur d'un Cable par le bout du S. de l'Isle aux Ros, on est par le point O que qui separe la Nouvelle Traverse de la Vieille.

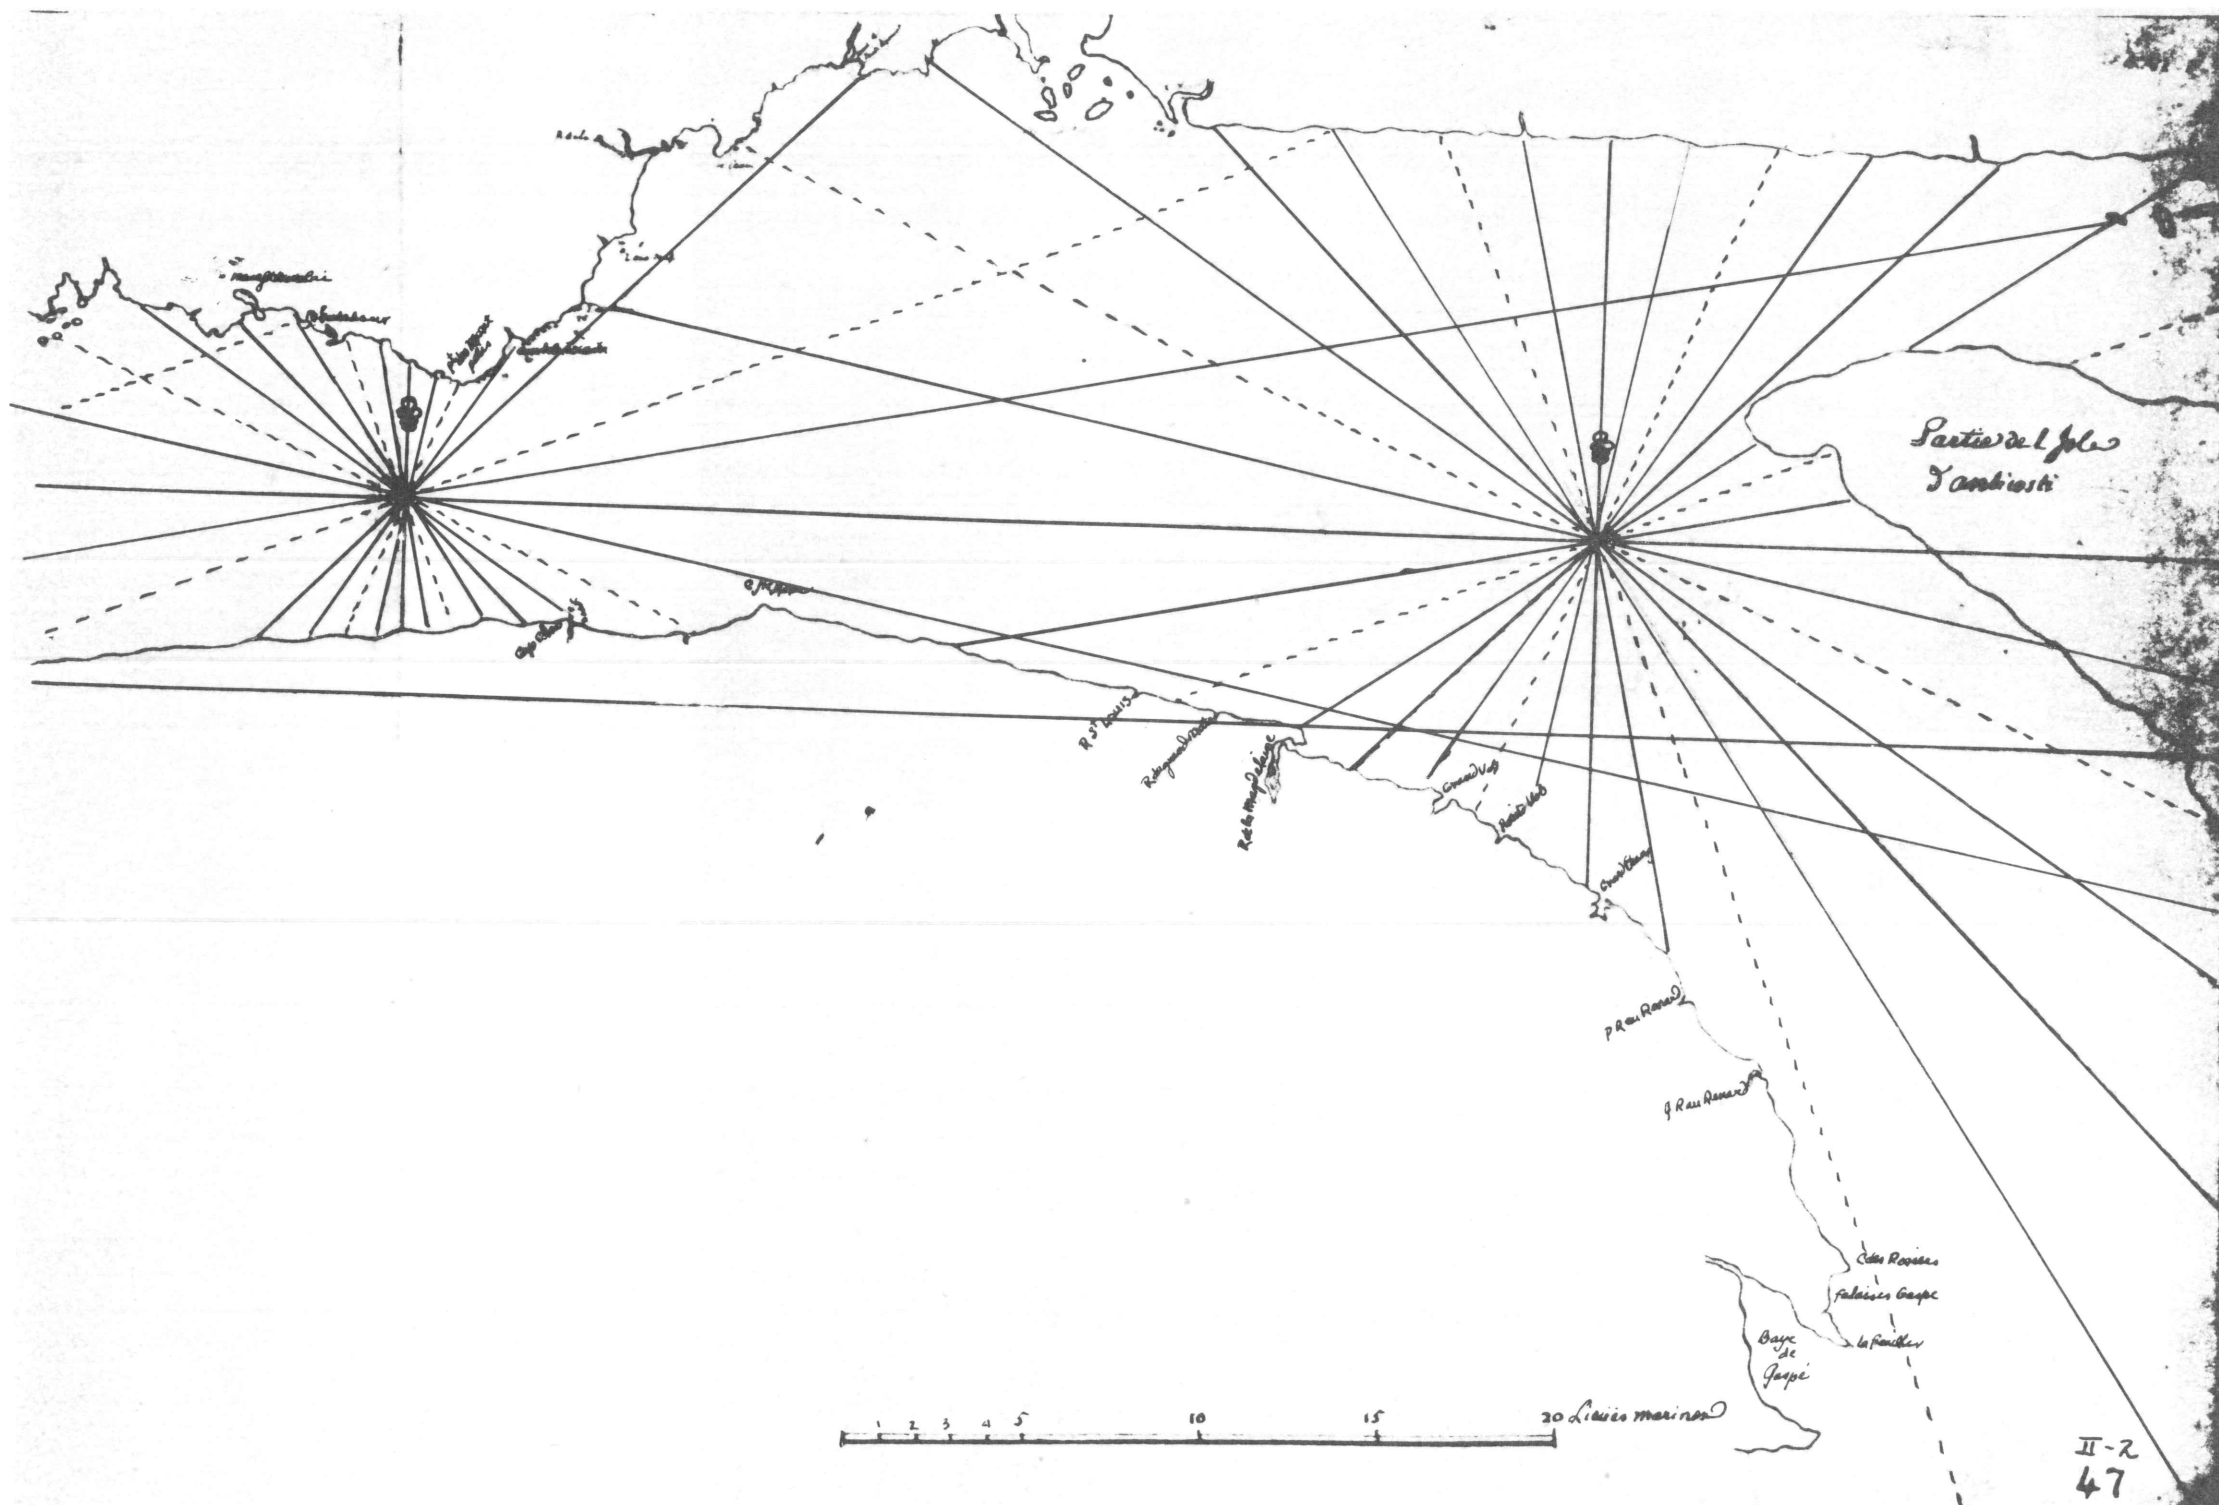

La ligne MFB de l'arbre de l'Isle aux Ros F par le point B des Montagnes les plus éloignées, marque que le bout le plus au NE de la Batture qui touche a l'Isle d'Orleans est dans cet alignement le dit Arbre reste alors au S. 2. 3. 0. a le haut du Cap Tourmente entre le Nord et le N. 4. NE.

On peut encore tenir la Montagne A entre la pointe de l'Isle, et l'Isle aux Ros, pour donner dans le Canal de la Traverse jusques a qu'on soit arrivé dans l'alignement des 2 pointes de l'Isle d'Orleans marquées.

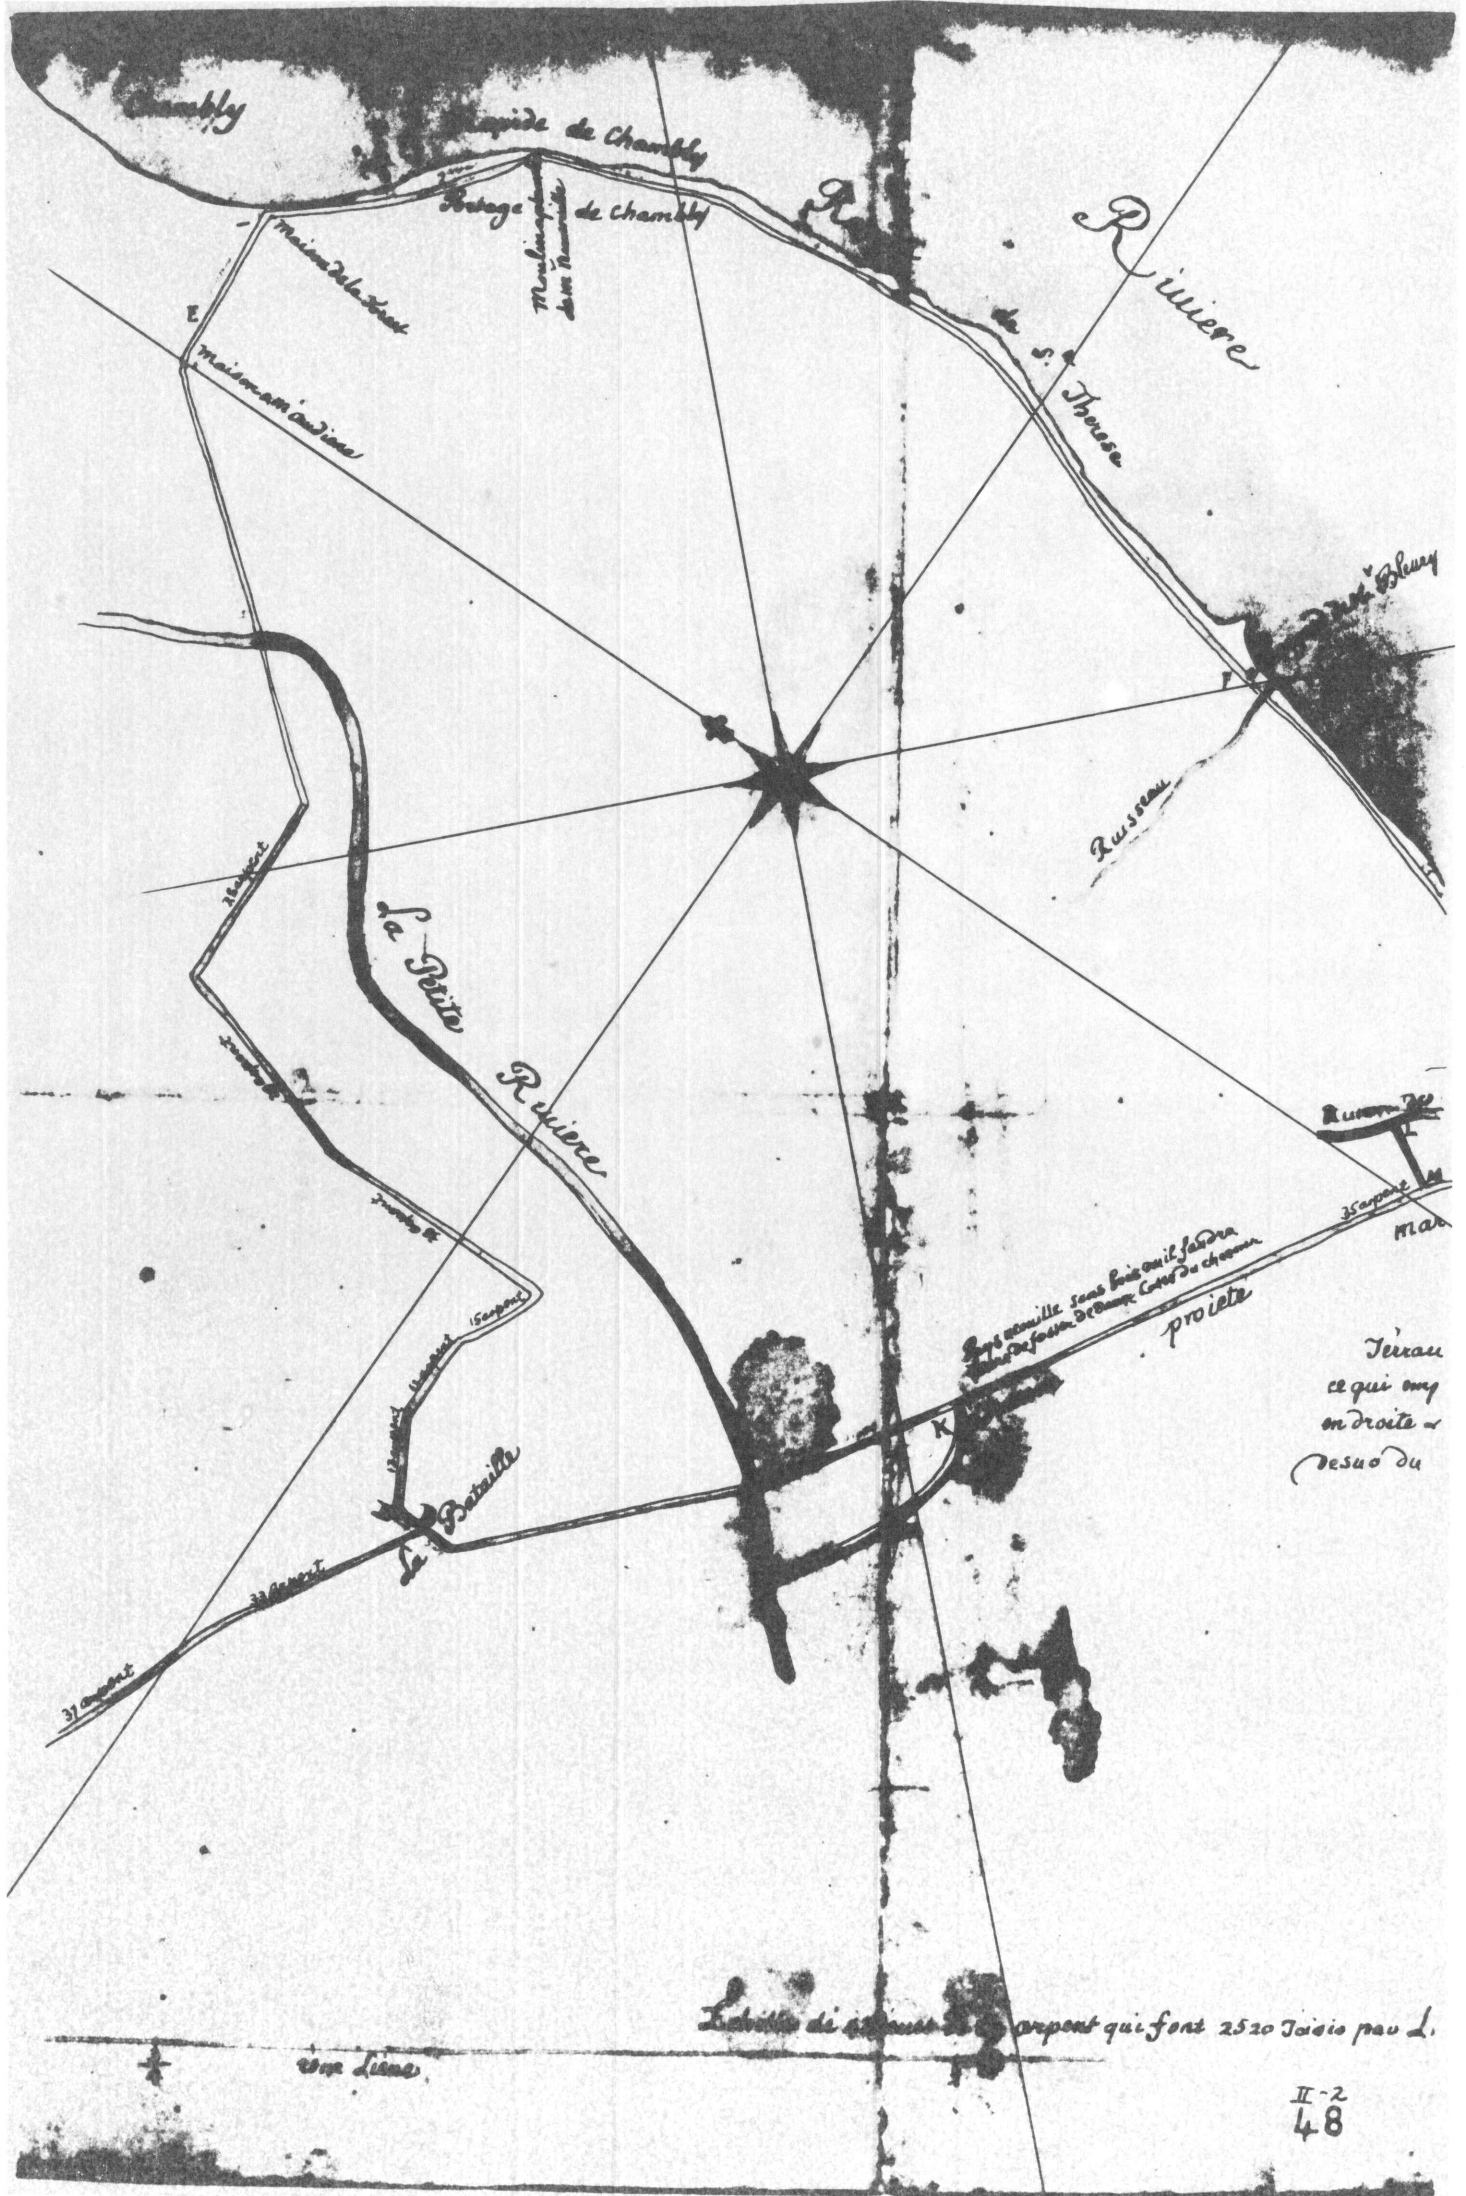

Si on amene la dite Montagne A par le bout du S. de la Grande Ile marquée NN on sera au bout du S. de la Batture du Cap Brulé et l'alignement est S. 4. 7. Est.
